France Healthcare IT Market Outlook to 2025 - Blood Pressure Monitors, Clinical IT Systems, Fetal Monitors, Neonatal Monitors and Others

BioPortfolio has been marketing business and market research reports from selected publishers for over fifteen years. BioPortfolio offers a personal service to our customers with dedicated research managers who will work with you to source the best report for your needs. Based in the UK, BioPortfolio is well positioned to coordinate our customers' orders sourced from over 50 global report publishers.

We are pleased to present details of this report to assist your buying decision and administrative process. You will find easy-to-use *How To Buy* information on the last page of this document.

We look forward to being of service to you.

If you have bulk and/or recurring requirements, please get in touch - we can liaise with publishers to obtain sample pages and negotiate discounts on your behalf.

France Healthcare IT Market Outlook to 2025 - Blood Pressure Monitors, Clinical IT Systems, Fetal Monitors, Neonatal Monitors and Others

France Healthcare IT Market Outlook to 2025 - Blood Pressure Monitors, Clinical IT Systems, Fetal Monitors, Neonatal Monitors and Others

Summary

GlobalData's new report, France Healthcare IT Market Outlook to 2025, provides key market data on the France Healthcare IT market. The report provides value, in millions of US dollars, volume (in units) and average prices (USD) within market categories - Blood Pressure Monitors, Clinical IT Systems, Fetal Monitors, Medical Imaging Information Systems, Micro-Electromechanical Sensors, Multiparameter Patient Monitoring, Neonatal Monitors, Patient Monitoring Accessories and Remote Patient Monitoring.

The report also provides company shares and distribution shares data for each of these market categories, and global corporate-level profiles of the key market participants. Based on the availability of data for the particular market and country, information related to pipeline products, news and deals is available in the report.

Extensive interviews are conducted with key opinion leaders (KOLs), physicians and industry experts to validate the market size, company share and distribution share data and analysis.

Scope

- Market size and company share data for Healthcare IT market categories - Blood Pressure Monitors, Clinical IT Systems, Fetal Monitors, Medical Imaging Information Systems, Micro-Electromechanical Sensors, Multiparameter Patient Monitoring, Neonatal Monitors, Patient Monitoring Accessories and Remote Patient Monitoring.
- Annualized market revenues (USD million) and volume (units) data for each of the market categories. Data is provided from 2015 to 2025.
- 2017 company share and distribution share data for Healthcare IT market.
- Global corporate-level profiles of key companies operating within the France Healthcare IT market.
- Key players covered include GE Healthcare LLC, Cerner Corp, Philips Healthcare, and Others.

Reasons to buy

- Develop business strategies by identifying the key market categories poised for strong growth in the future.
- Develop market-entry and market expansion strategies.
- Design competition strategies by identifying who-stands-where in the market.
- Develop investment strategies by identifying the key market categories expected to register strong growth in

the near future.

- What are the key distribution channels and what's the most preferred mode of product distribution - Identify, understand and capitalize.
