# Metals & Mining in France

## Metals & Mining in France

### Summary

Metals & Mining in France industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2014-18, and forecast to 2023). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

### Key Highlights

- The metals & mining industry consists of the aluminum, iron & steel, precious metals & minerals, coal and base metal markets.
- The French metals & mining industry had total revenues of \$16.2bn in 2018, representing a compound annual rate of change (CARC) of - 2.4% between 2014 and 2018.
- Production volume increased with a compound annual growth rate (CAGR) of 0.1% between 2014 and 2018, to reach a total of 27.5 million metric ton in 2018.
- Several European countries have announced targets to reduce greenhouse gas emissions by banning or reducing petrol and diesel vehicles in favor of electric vehicles. This will drive demand for battery components and metals such as lithium, which will encourage growth over the forecast period as more investment is directed into these segments.

### Scope

- Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the metals & mining market in France
- Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the metals & mining market in France
- Leading company profiles reveal details of key metals & mining market players' global operations and financial performance
- Add weight to presentations and pitches by understanding the future growth prospects of the France metals & mining market with five year forecasts by both value and volume

### Reasons to Buy

- What was the size of the France metals & mining market by value in 2018?
- What will be the size of the France metals & mining market in 2023?
- What factors are affecting the strength of competition in the France metals & mining market?
- How has the market performed over the last five years?

- What are the main segments that make up France's metals & mining market?
