Online Retail in Singapore

Online Retail in Singapore

Summary

Online Retail in Singapore industry profile provides top-line qualitative and quantitative summary information including: market size (value 2014-18, and forecast to 2023). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

- The Online Retail market includes all sales within each category listed below, provided they take place over the internet, where the payment does not occur in-store on a later occasion. Data is included irrespective of whether the vendor is a pure-play internet company or the online offering of a bricks and mortar retailer.
- The Singaporean online retail sector generated total revenues of \$1.5bn in 2018, representing a compound annual growth rate (CAGR) of 12.7% between 2014 and 2018.
- The electrical and electronics retail segment was the sector's most lucrative in 2018, with total revenues of \$529.0m, equivalent to 35.3% of the sector's overall value.
- Cross-border shopping is widespread in Singapore because its small size means that consumers often need to look elsewhere to purchase more niche items.
