# China Ginkgo Biloba Extract Industry Overview, 2017-2021

## Description

Ginkgo biloba extract is rich in the extracted effective components with the ginkgo leaf as raw plus the suitable solvent. Various preparations whose raw material is GBE, are widely applied to such field as medicine, health products, food additive, functional beverage and cosmetics.

According to the statistics, the output volume of the global ginkgo biloba extracts was 526.3 tons in 2009, and that reached 158.4 tons in China which was the largest ginkgo biloba extract producer all over the world. Its production capacity accounted for over 50% of the global one. The output volume of ginkgo biloba extracts in Germany and France was about 110 tons.

In 2014, the output volume of global ginkgo biloba extracts reached 888.8 tons. In 2015, China exported plant extract products to over 130 countries and regions. The export value of traditional markets such as Asia, Europe and North America ranked top of the world, accounting for more than 90% of the total one.

Shanghai Sine Promod Pharmaceutical Co., Ltd. and Sinopec Shanghai Petrochemical Company Limited possess 6 related patents. Guizhou Biochemical Engineering Center and Zhejiang Conba Pharmaceutical Co., Ltd. have 5 related patents. Fudan University possesses 4 related patents.

CRI obtains the first hand information of China ginkgo biloba extract market through researches. It provides investors with the information concerning the market status, competition status and development trend of China ginkgo bioba extract industry through analyzing raw materials, production and demand of ginkgo bioba extracts so as to seize the investment opportunities.

Through this report, readers can acquire the following information:

- Development Environment of China Ginkgo Biloba Extract Industry
- Development Status of China Ginkgo Biloba Extract Industry
- Key Enterprises in China Ginkgo Biloba Extract Industry and Their Operation Status
- Market Competition of China Ginkgo Biloba Extract Industry
- Major Driving Forces and Market Opportunities in China Ginkgo Biloba Extract Industry
- Threats and Challenges Faced by China Ginkgo Biloba Extract Industry
- Price Trend of Raw Materials in China Ginkgo Biloba Extract Industry
- Development Trend of China Ginkgo Biloba Extract Industry, 2017-2021

## Additional Details

**Publisher :** CRI

**Reference :** 1609410

**Number of Pages :** 30

**Report Format :** PDF

**Publisher Information :**

CRI is a research and consulting company located in Shanghai, China, focusing on various industries and markets. It regularly produces a variety of market research reports, industry analytical reports publications covering 11 industries. It also provides customized industry research services for initial public offerings, corporate mergers and acquisitions, business development, market launch and financing for clients varying from private companies to the government entities. CRI has formed a series of methods and working ways in collecting data, analyzing facts & polices, establishing models and adapting the market.

Since 2007, CRI has established strategic cooperative relations with many institutions in the U.S.A., Canada, Australia, Hong Kong, etc. and gained abundant international resources as well as advanced research methods and strategic thinking.

Since 2008, CRI has integrated resources and begun providing investment consultation services for customers based on market research and oriented by international investment and domestic policies.

CRI also provides custom research. Since 2009, CRI has done more than 40 custom research projects serving IPO, corporate mergers and acquisition, business development, market launch, financing, etc. We provide flexible research services at reasonable cost. Our clients vary from private companies to governments.

CRI insists on the principles of independent research to win customers.

In the future, CRI will continue in-depth research on the development trends of Chinese market and even global market. CRI will provide services for customers adhering to the philosophy of high-efficiency, reliability, accuracy and concentration.
