Organ And Tissue Transplantation - Global Market Outlook (2016-2022)

BioPortfolio has been marketing business and market research reports from selected publishers for over fifteen years. BioPortfolio offers a personal service to our customers with dedicated research managers who will work with you to source the best report for your needs. Based in the UK, BioPortfolio is well positioned to coordinate our customers' orders sourced from over 50 global report publishers.

We are pleased to present details of this report to assist your buying decision and administrative process. You will find easy-to-use *How To Buy* information on the last page of this document.

We look forward to being of service to you.

If you have bulk and/or recurring requirements, please get in touch - we can liaise with publishers to obtain sample pages and negotiate discounts on your behalf.

Organ And Tissue Transplantation - Global Market Outlook (2016-2022)

According to Statistics MRC, the Global Organ and Tissue Transplantation market is estimated to be \$XX billion in 2015 and is expected to reach \$XX billion by 2022 growing at a CAGR of XX% from 2015-2022. Trend towards growing incidence of organ and tissue failure diseases is helping the market to compete across the globe. The market growth is fostered by some of the factors such as immensely enhanced immunosuppression regimens, advance tissue matching and improved harvesting and procurement techniques. However, shortage of organ donors and artificial organs will reflect the market strength. Moreover, huge investments in R&D will pose an opportunity for the organ and tissue transplantation market over the forecast period. By tissue transplantation, bone graft transplantation is a fastest growing segment during the forecast period.

Some of the key players in this market include Johnson & Johnson, Medtronic Plc, Novartis AG, St. Jude Medical, Inc., World Heart Corporation, Edwards Lifescience, Lifeblood Medical, Inc, ABIOMED, Inc, Roche Pharmaceuticals and Stryker Corporation.

Organ Transplantation Covered:

- Transplant Centers
- Pancreas
- Liver
- Heart Lung
- Kidney
- Heart
- Lungs
- Intestine/Small Bowel

Tissue Transplantation Covered:

- Cellular Transplantation
- Blood Stem Cells
- Skin Transplantation
- Vascular Transplantation
- Cornea
- Bone Graft Transplantation

Application Covered:

- Spinal Fusions
- Carnio/Maxillofacial

- General Orthopedics

Regions Covered:

- North America
 - o US
 - o Canada
 - o Mexico
- Europe
 - o Germany
 - o France
 - o Italy
 - o UK
 - o Spain
 - o Rest of Europe
- Asia Pacific
 - o Japan
 - o China
 - o India
 - o Australia
 - o New Zealand
 - o Rest of Asia Pacific
- Rest of the World
 - o Middle East
 - o Brazil
 - o Argentina
 - o South Africa
 - o Egypt

What our report offers:

- Market share assessments for the regional and country level segments
- Market share analysis of the top industry players
- Strategic recommendations for the new entrants

- Market forecasts for a minimum of 7 years of all the mentioned segments, sub segments and the regional markets
- Market Trends (Drivers, Constraints, Opportunities, Threats, Challenges, Investment Opportunities, and recommendations)
- Strategic recommendations in key business segments based on the market estimations
- Competitive landscaping mapping the key common trends
- Company profiling with detailed strategies, financials, and recent developments
- Supply chain trends mapping the latest technological advancements

Additional Details

Publisher : StatisticsMRC

Number of Pages : 158

Report Format : PDF

Publisher Information :

We offer wide spectrum of research and consulting services with in-depth knowledge of different industries. We are known for customized research services, consulting services and Full Time Equivalent (FTE) services in the research world. We explore the market trends and draw our insights with valid assessments and analytical views. We use advanced techniques and tools among the quantitative and qualitative methodologies to identify the market trends. Our research reports and publications are routed to help our clients to design their business models and enhance their business growth in the competitive market scenario. We have a strong team with hand-picked consultants including project managers, implementers, industry experts, researchers, research evaluators and analysts with years of experience in delivering the complex projects.

We have core research team with research analysts across the verticals of industry segments to serve our varied customers such as technology suppliers, manufacturers, distributors, end users, consulting companies, investment firms and research institutes. We ensure that our research reports, white papers, policy briefs

provide result oriented findings and recommendations. Our research reports help you to make better decisions in building the organization presence in global scenario. Our consultancy services offer you with highly qualified professional research team to match your research needs. We are in the process of addressing the challenges of our clients and able to deliver the quality outputs to meet their business objectives and goals in a potential way. We invest more in building our teams and enhance our client relationships across the geographies where we work.

Table Of Contents for Organ And Tissue Transplantation - Global Market Outlook (2016-2022)

[Report Updated: 01-09-2016]

- 1 Executive Summary 2 Preface 2.1 Abstract 2.2 Stake Holders 2.3 Research Scope 2.4 Research Methodology 2.4.1 Data Mining 2.4.2 Data Analysis 2.4.3 Data Validation 2.4.4 Research Approach 2.5
